OVERVIEW

Sea View is situated on McFarlands Down, a quiet residential road in the Telegraph area of St Marys. It is approximately 1½ miles from Hugh Town, the tiny “capital” of St Mary’s, with its shops, school, Post Office, harbour and many other amenities.

The site is within easy walking distance of Bants Carn ancient village, a local beauty spot, and the small harbour at Pendrethen.

It comprises a detached bungalow in substantial gardens, now divided into three plots of land; Plots A, B & C.

Plot C is the largest of the three plots, and includes the existing bungalow. It is situated to the right hand side of the site (as viewed from McFarlands Down), and extends to approximately 30 metres deep x 19m wide (0.141 acres).

SERVICES

The purchaser will be responsible for the installation of services to the site. Mains water / mains electricity enquiries should be directed to South West Water and Western Power Distribution. Telecom connections should be directed to the purchaser's preferred provider.

Drainage will be private, to treatment plant on site with soakaway in agricultural land on the opposite side of McFarlands Down. The vendor will install a culvert under McFarlands Down to facilitate the installation of drainage pipes, with the requisite rights & obligations to allow continued use and maintenance of the soakaway. The Purchaser will be responsible for paying any compensation for any losses incurred by the tenant of the land in the event that is necessary as a result of installation.

TOWN PLANNING

Planning permission (P-22-006) was granted on 15th March 2022 for demolition of the existing bungalow and construction of a detached three bedroom house and outbuilding.

Copies of the planning application, including site and location plans, design & access statement, and building plans & elevations can be viewed online at: <https://www.scilly.gov.uk/planning-application/planning-application-p22004ful>

TENURE

The land will be sold freehold, subject to standard Duchy covenants & restrictions restrictions including a reservation of minerals (but not the right to extract) and restriction on alterations and additions.
