Periglis Cottages New Lane Lower Town

OVERVIEW

St Agnes, one of four inhabited "off-islands", offers the potential purchaser an environment and lifestyle few places can match, with virtually no road traffic, crime or pollution. It is the most westerly of the off-islands, and extremely popular with locals and visitors alike.

St Agnes is a totally unspoilt and peaceful island of wonderful contrasts, from rocky outcrops on its exposed southern shore to paradise beaches in its more sheltered coves – with Periglis counted among them. Periglis Cottages are in a sheltered position at the back of Periglis bay, on the north-westerly side of the island, with the beach just 30 metres from the property. There are stunning views out to Annet, the Western Rocks, and the Bishop's Rock Lighthouse. The cottages are ideally located for the superb sunsets that occur frequently.

The property has enjoyed use of a mooring within the bay for many years on an informal basis.

The cottages are around a ten-minute walk to St Agnes Post Office & Stores, the Turks Head Public House and the island quay. A daily boating service is offered to St Mary's (and other islands each at least once a week) during the season, with a service several times a week to St Marys out of season. Freight and mail deliveries typically run six days a week, via the Isles of Scilly Steamship Company.

"Periglis" means church bay ("per" = bay and "iglis" = church).

Believed to be over 200-years old, this charming former fisherman's cottage is very comfortable and offers great potential for improvement. Currently used as a single large home it was clearly built originally as two separate cottages. There is scope for sub-division back into two cottages, subject to the necessary consents, to provide both a home and an additional self-catering holiday letting unit, or possibly to suit a multigenerational family.

The Cabin is a separate building, originally a small stone barn or byre. It has been let for many years as self-catering holiday accommodation. It achieves excellent occupancy rates, largely from repeat bookings, providing significant income to the owners.

Viewing highly recommended.

GARDEN

There is a small garden area to the rear, with a round wooden table, chairs, and a washing line.

All furniture, appliances, equipment, curtains, blinds, bedding, linen, towels, etc that are part of the self-catering business would be included.

Outside

Periglis Cottages has attractive gardens, occupying a plot extending to 0.22 acres.

The front garden has granite-walled and Pittosporum boundaries, and is planted with a profusion of semi-tropical species including palms, aloes, agapanthus and aeonium amongst others.

To the side of the property is a very private, tranquil and sheltered garden, having Pittosporum hedged boundaries. It is laid mainly to lawn, with a paved patio area perfect for al fresco dining. Again, it is attractively planted with palms, agapanthus, camelia, escallonia, hydrangea and aeonium.

The plot slopes up to the rear of the cottages, where water storage tanks are located. Within the grounds are the following outbuildings:

WORKSHOP 7.53m x 3.69m

A modern timber-framed, timber-clad workshop having monopitch fibreglass roof with rainwater collection. Very light and bright internally, with electricity connected. Fitted work benches extending to approximately seven metres. UV water filtration and treatment system. An incredibly useful space, essential for off-island life.

GREENHOUSE 3.00m x 2.50m

A quality aluminium greenhouse, with electricity connected, and having paving slabbed floor, double sliding doors and automatic opening roof vents.

STORAGE SHED 2.50m x 1.85m

Having power and light connected.

GARAGE 4.40m x 2.20m

A timber-framed garage, used to house the owner's golf buggy. Power and light connected. Pedestrian door to garden with vehicular doors out to the lane running past Periglis.

SERVICES

The property has mains electricity. Water is supplied by private borehole (fully filtered and treated to provide good potable water) and supplemented by rainwater catchment for watering the garden. Sewerage is private to bio digester and soakaway.

Both house and cabin have recently issued EICR electrical test certification.

There is a good broadband connection, typically achieving 35-40Mbps.

LOCAL AUTHORITY

Council of the Isles of Scilly, Town Hall, St Mary's, Isles of Scilly, TR21 0LW. Tel: 0300 1234 105.

The house is assessed to Council Tax Band "G" under reference 20219.

The Cabin is assessed to Business Rates, having a Rateable Value of £2,950 per annum.

TENURE

The property is owned leasehold, for a 149-year term commencing 29th September 1946 (just under 72 years unexpired term) at an index-linked rent of £74 per annum, reviewable every five years up to 2045. There will be a rent review in 2045 to a "Modern Ground Rent" in accordance with Section 15 of the Leasehold Reform Act 1967, and a further final rent review in 2070. We have been advised by the Duchy of Cornwall that there would be no objection to the leaseholder submitting an application for an additional 50-year term, taking the total unexpired term to approximately 120 years.

Permitted use of the property is as follows: ".....will not use the buildings for the time being on the Demised Premises otherwise than as a private dwelling-house and two units of holiday accommodation and to use the land adjoining the buildings as a garden or leisure area in connection with the use and enjoyment of the Demised Premises"

The lease specifically permits a second letting unit, providing a prospective purchaser both a home and an additional income (estimated potentially to exceed £27,500 gross per annum).

INCOME

The Cabin has been let for holiday accommodation for in excess of 30 years. It sleeps two persons, and is typically let for 28-30 weeks a year to mainly repeat visitors. The gross rent (before expenses) in 2025 was £19,610.

2026 tariffs range from £450 per week (low season) to £775 per week (high season). We suggest these are relatively low compared with comparable accommodation on the islands, and have scope for improvement (particularly if the premises were to be further modernised).

ENERGY PERFORMANCE CERTIFICATES

Both Periglis Cottages and The Cabin are assessed to Band "G".
