OVERVIEW

The Crow's Nest is situated on Hugh Street, opposite the Atlantic Slipway and overlooking the harbour. The quay is within a minute's walk, ideal for trips to the off-islands, whilst ever popular Porthcressa Beach is also within easy level access.

The property occupies an elevated position above the road, with a long frontage to Hugh Street. Its extensive terraced gardens are a huge asset to the property, and allow access on to Jerusalem terrace to the rear of the property. There is a potential building plot within the grounds, subject to the necessary consents.

The property has been much improved in recent years, and is now offered for sale in good condition throughout, complete with carpets and curtains as fitted, and appliances as detailed. Viewing highly recommended.

Crow's Nest

Hugh Street St Marys Isles of Scilly

Having ceramic tiled floor and translucent polycarbonate roof. Fitted with electricity and spec & plumbing for washing machine, tumble dryer and freezer. Separate toilet cubicle with low-flush wc fitted. Separate water tap. Door opening into one of the higher terraced areas of the garden.

OUTSIDE

GARDEN ROOM / OCCASIONAL BEDROOM 3.05m x 3.05m

Built in 2009 in the style of a log cabin, having insulated walls and roof and double entrance doors. The windows are double glazed and there is electric light, power and Rointe radiator. Internally the room is finished in pine throughout.

The garden, which is particularly well cared for as previously mentioned, is worthy of special attention. It is much larger than would normally be expected with a Scillonian cottage, and thoughtfully designed with its terraces which are planted with many varieties of sub-tropical plants including a statuesque palm tree which we understand was planted in 1913. On the mid terrace is a decked seating area with screened surround.

On the lower terrace of the garden, adjoining the cottage, are two 13th Century granite gate posts which the owners understand were originally part of the entrance to a monastery. The garden itself was previously the site of a granite cottage which was apparently demolished in the early 1900's. The planted areas are divided by three lawns

Storage areas within the garden include:

FORMER GRANITE WC 1.50m x 1.0m

Having slated roof now used as a garden store.

TIMBER GARDEN SHED 3.54m x 1.40m

Enjoying a harbour view.

GLAZED GAZEBO 1.60m x 1.60m

A hexagonal timber-framed gazebo, providing a sheltered seating area at the top of the garden to enjoy the evening sun and views across the harbour.

At the higher end of the garden, shielded by a mature hedge and stone walling is a very pleasant sun trap with a garden gate leading onto Jerusalem Terrace, the road adjoining the rear of the property.
